Water activities will not be part of this year's events, but a plan is in place for next year's Lake Days and water events.

Lake Smart: Water monitoring - Wes would like to take samples from the bottom of the lake to check phosphorous levels.

Wes mentioned that he would like to work with nearby lake associations.

Hartford Subdivision Letter regarding stormwater protection waiver for Hermit Subdivision has been submitted to the Hartford Planning Board.

New Business: Possible invasive plant found in the Sparrow Brook Marsh area. Wes will collect and sent for testing with Lake Stewards. Jeff asked if we have volunteers to inspect boats being put into the lake via the boat launch. We do not have anyone at this time but possibly we could investigate a grant to hire an intern for this purpose.

Wes will be sending a survey regarding the meeting line up for next year.

Respectfully Submitted, Lucille Cacciatore, LAA Secretary
